Suggests City Start Work On Community Bathing Pool Project

Dr. G. S. Bennett, chairman of the Lawrence County Emergency Relief board today recommended to council that the city work relief employees this winter to construct a community bathing pool along Neshaunock creek and also lay out Dean park for playgrounds and ball fields. Council instructed the city engineer to make an immediate investigation and report his finds to council.

Good Location.

The head of the relief board said that the city is without a community bathing pool and Dean park is so situated that it would be within walking distance for thousands of children who could play in safety there next summer. He said also that it was sufficiently large for several baseball fields to be laid out.

The relief official told council that it had come to his notice that some of the work relief employees had not been reporting for duty and after a conference with some of the men he ascertained many of the men had no opposition to working as long as the ground is owned by the city and project is for the city.

He said he had been given to understand that Haus hollow along

Merchants Plan Big Shopping Day In Buy Now Sale

Special Sales Effort To Be Climaxed By Bargain Offerings On Saturday

THRIFTY BUYERS TAKE ADVANTAGE

Saturday is expected to prove one of the biggest shopping days in the history of the city, when the peak of the "Buy Now" effort of local merchants will be attained.

For two days now, the merchants have been offering their merchandise at special prices in an effort to stimulate the nation's business. Appreciation of their efforts has been shown by thrifty buyers of the city, who thronged the stores here yesterday and today. Tomorrow should be the high spot in the present intensive campaign.

This sales effort is sponsored by the Retail Merchants Association of the Chamber of Commerce and the New Castle News, and has been designed to follow out the President's program of making it attractive for residents of the country as a whole to buy all they can possibly buy at the present time, thus pepping up business all over the country.

Colonel And Wife Arrive Unannounced At French Flying Field

FEARS FOR SAFETY ARE DISPELLED

(International News Service)

PARIS, Oct. 27.—Fears for the safety of Colonel and Mrs. Charles A. Lindbergh were banished today when it was confirmed they had come to Paris—where the former, "Lone Eagle" flashed to fame in his historic flight from America.

The couple arrived here after a secret flight to France from Inverness, Scotland, and spent the night at the Crillon hotel. For many hours, however, attaches at the hotel persisted in denying they had any knowledge of the Lindberghs whereabouts.

Apprehension for the fliers was aroused in Great Britain when they were unreported for a long while after leaving Inverness for an unannounced destination, while a heavy storm swept the North Sea and upper part of the British Isles.

It was learned the Lindberghs landed yesterday at Les Mureaux, 20 miles from Paris, and came here by fast automobile. It was reported they were visited at the hotel by Dieudonne Costes, French trans-Atlantic airman.

International News Service learned a friend of the Lindberghs living at the Crillon Hotel reserved a suite for them, saying they would remain from two to ten days. Only important executives of the hotel were said to know of their presence.

(International News Service)

IONIA, Mich., Oct. 27.—President Roosevelt owes it to the country to prevent the return of the saloon, in the opinion of Bishop James Cannon Jr., militant dry and national Anti-Saloon League lobbyist.

Indiana Guardsmen Organize Squads To Battle Bank Robbers

ARE SWORN IN AS SPECIAL DEPUTIES

(International News Service)

INDIANAPOLIS, Ind., Oct. 27.—National guardsmen picked for their ability as marksmen, mobilized in 70 squads today to halt the reign of terror spread by a band of desperate convicts who escaped from the Indiana penitentiary at Michigan City one month ago.

The roving band of criminals responsible for an epidemic of daring bank robberies is fully armed with machine guns, pistols, ammunition and bullet proof vests obtained in two raids on police station arsenals.

To cope with the gang, Adj. Gen. Elmer Straub, on authority of Gov. Paul McNutt, ordered the militia-men into service. The 70 officers and 560 enlisted men were detailed in squads of seven men and one officer each.

Special Deputies

Posted at 44 secret and strategic points, they were under orders to hold themselves ready for instant concentration at any point where the bandits strike next. The guardsmen were sworn in as special deputy sheriffs of the counties in which they are posted.

Heading the gang of criminals, authorities believe, is John Dillinger, a desperado who led the Michigan City penitentiary escape and who was subsequently freed by accomplices in a daring raid on the jail at Lima, O., in which Sheriff Jess Sarber was shot to death.

Armanent in the hands of the gang was stolen from the police station at Peru and Auburn, Ind.

Police said the youths answered the description of the gunmen who robbed the Modoc and Filmore, Ind., banks recently. Photographs and fingerprints of the boys were being rushed to Indiana state police and federal authorities at Washington to check on their identities.

Food Gifts Pour Into Jameson Hospital Lobby This Morning

FOOD GATHERING CONTINUES SATURDAY

Although the fourth annual Food Donation Days are only a few hours old their success was assured shortly before noon today when the pile of food gifts in the Jameson Memorial hospital lobby assumed most gratifying proportions.

Mrs. Marcus Feuchtwanger, one of the members of the Jameson Memorial Hospital Aide Society, sponsors of the food gift gatherings, stated to The News that a splendid array of donations came in this morning and included delicious jars of fruits, glasses of jellies, canned goods of all kinds, bags of sugar and a surprisingly large amount of coffee.

Donations were also being left at Atkinson's paint store on North Mill street.

It is believed that Saturday will be the heaviest day for the ingathering. It is then that the granges and churches of the outlying districts will bring in their contributions.

The foods are being received by several ladies of the Aide Society; they will be there this afternoon, tomorrow morning and afternoon. Gifts may be left at the hospital this evening also.

All citizens are asked to contribute, whether it be one jar of fruit or a dozen. The food will be used by the Jameson Memorial hospital patients this winter.

Ready for the sessions of the convention of the Mid-Western section of the Pennsylvania State Education Association, school teachers, principals, supervisors and superintendents began arriving in New Castle at noon today. It is estimated that the number of teachers who will be present at the sessions will approximate 4000.

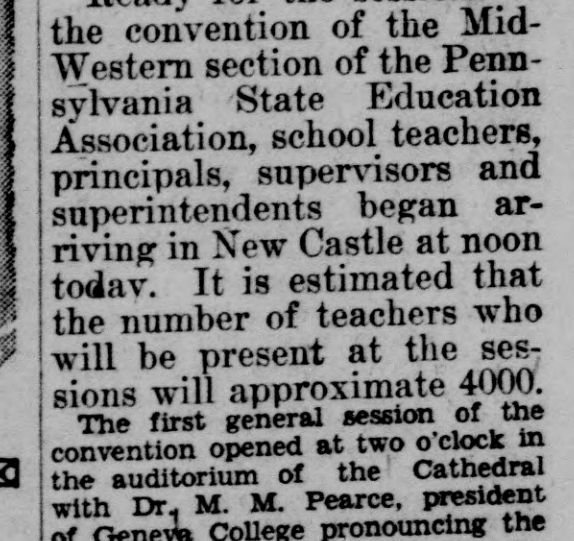

The first general session of the convention opened at two o'clock in the auditorium of the Cathedral with Dr. M. M. Pearce, president of Geneva College pronouncing the invocation. S. Warren Lyons superintendent of the New Brighton schools and president of the section presided with the other officers on the platform with him.

BEVERLY HILLS, Cal., Oct. 27.—All the western states held a convention here in Los Angeles the other day on taxation to see what the running of the various states was costing 'em.

Well, they found it was costing 'em so much that they are talking now about letting Mexico have them back.

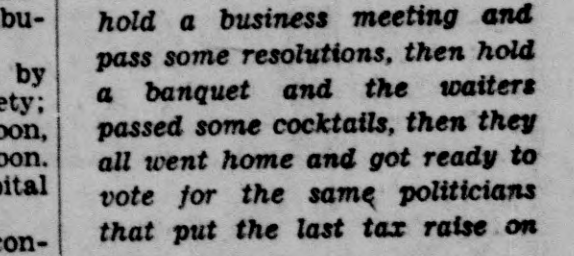

It's taken since (believe it was 1812) for us to realize Mexico won that war, but, like all conventions, it did nothing but hold a business meeting and pass some resolutions, then hold a banquet and the waiters passed some cocktails, then they all went home and got ready to vote for the same politicians that put the last tax raise on 'em.

But a good time was had by all. Please pass the gravy.

From north and south and east and west from counties lying near, this is the day the teachers come and most of them are here. They've laid aside their class room air, their stern pedantic look, they've laid aside their business clothes, their pointers and their books. They're here to hear the latest views on what they ought to do, they're here to learn the modern tricks, on methods very new. And we are glad, immensely so, they chose our town again and so hello, to all the folks, the women and the men. They'll have to work to get it all, but they'll have time to play and know just what a town this is, it's fifty four today.

SENTIMENT ON FARM STRIKE IS SPLIT

Stiff Opposition In Some Sources

Picketing Of Roads Largely

WISCONSIN SHOWS
SOME SUPPORT

By THOMAS A. PLEDGE
International News Service Staff
Correspondent

DES MOINES, Iowa, Oct. 27.—Sentiment for and against the national farm strike increased sharply today in the rural mid-west, cradle of the militant movement, as added support came from some quarters and stiff opposition developed in others.

The farmers holiday association, which boasted a membership of at least 1,000,000 when it inaugurated the strike last Saturday, continued its campaign for support of the movement but its most spectacular activity, highway picketing, was largely discontinued for the time being.

Additional strike support centered for the most part in Wisconsin. The Wisconsin co-operative milk pool voted to join the strike, effective next Tuesday. On that day it will attempt to halt all milk shipments to Milwaukee and Chicago.

Opposed To Strike
The co-operative's executive committee advised the governor of its decision and asked a state embargo on farm shipments to avoid any violence likely to occur.

The Milwaukee co-operative milk producers' association, on the other hand, voted opposition to the strike. Sheriff Joseph Shinner, of Milwaukee, said he was preparing to meet possible "trouble." He will assign "as many deputies as necessary" to keep open the highways into the city. He warned strikers that no attempt must be made to prevent non-strikers from trucking their milk into the city.

The eighth amendment, a bond issue setting aside a total of \$25,000,000, will fill the fund again. Think it over.

Resolutions Committee
At ten thirty today the Resolutions Committee met in the office of Dr. C. C. Green, superintendent of New Castle School and drafted the resolutions which will be placed before the convention on Saturday.

Tonight's session includes a program of music by the Senior High School orchestra with Dorothy Fisher as soloist and a double quartet of teachers composed of Ruth Wier, Helen Allen, Esther Gibbons, Margaret Preston, Jane Kyle, Emma Gibbons, Iva Mayberry, Margaret Sankey. On account of illness it was likely that Miss Margaret Preston's place will be filled by another singer. Joy Elmer Morgan speaks on "The Reconstruction of American Life" and Rev. Robert Arthur Elwood, pastor of the Boardwalk Church, Atlantic City speaks on "Personality Plus."

Saturday morning the delegates will elect their officers for the coming year, the report of Resolutions

Committee will be acted upon, and Dr. James N. Rule, State Superintendent of Public Instruction will speak on "Legislation Recent and Proposed." The new officers will then be introduced.

Departmental Meetings
The Departmental meetings will take place Saturday morning in the Senior High school and the George Washington Junior High school. There are some outstanding speakers on these programs and in addition to addresses and discussions, the various departmental groups will elect their officers for the coming year.

This is the second annual convention of the Mid-Western Section of the P. S. E. A. and it is the second time New Castle has been selected as the place of convention. The facilities here, the central location and the efficiency with which the last convention moved here decided the executive committee in selecting New Castle again this year.

SUGGEST CITY
START WORK ON
BATHING POOL

(Continued From Page One)

The Neshannock creek is part of land given to the city by the late David Jameson for park purposes. Council informed Mr. Bennett they were not sure of this, it being their impression it might be part of the Elder owned land. At any rate they ordered the engineer to determine the ownership.

Suggests Pool

Mayor Mayne suggested that were land not the city's, it may be possible to construct a pool along Neshannock avenue where it intersects Rural avenue. He said a portion of the hillside could be graded off and a pool low enough for children and deep enough for adults could be built.

None of the council apparently favored a dam or pool within the Neshannock creek. Councilman D. O. Davies having stated that one had been built and had been wiped away during winter. He favored, as did other councilmen, a community pool as suggested by Dr. Bennett.

Considerable dirt will be needed at Dean park as the Florence avenue end is several feet lower than other portions. Should the city obtain the \$145,000 asked of the federal government a storm sewer could also be built to drain the park and could probably be available also next summer.

At any rate Dr. Bennett's suggestion today received quick action. He said he had no doubt but that unemployed men would gladly work on such projects.

proposed to put down a 30 foot driveway. This would necessitate the building of a storm sewer by the county.

The road would be put in by the state, but the county would have to pay for the storm sewer. It is believed that the work can be done without taking any more property for a right of way.

Mr. Close stated that the work would not likely be done until next spring, but it is necessary to get it on the state highway improvement plans at the present time.

The commissioners are willing to do their part, as it is realized that the present road is inadequate to meet the heavy traffic over this route.

A WAR-MINDED WORLD

A FLYING boat capable of raising one and one-half pound shells upon an enemy at the rate of 100 a minute has been perfected by the British Royal Air Force, according to news from London.

The craft's speed is given as 132 miles an hour, and it is said to have a cruising radius of 1,500 miles. While revealing these facts, the government is closely guarding a secret feature of construction by which the gun's recoil is absorbed by the machine.

The particular value of these vessels, it is held, would be in destroying submarines, although they could render important service in other phases of warfare.

The development of this weapon, announced in the midst of disarmament discussions and the signing of peace treaties, illustrates enlighteningly how far the world is from a warless mind. It means that other nations will attempt to duplicate and to surpass the new British weapon. Notwithstanding that the construction secrets are closely guarded, other nations may be expected at an early date to have flying boats of equal or greater destructiveness.

Thus does the search for wholesale death-dealing instruments continue while statesmen talk peace.

MOST DANGEROUS DRIVING TIME

Pointing out that in the past five years more highway fatalities occurred during November and December than in any other two-month period, the Pennsylvania Motor Federation, state unit of the A. A. A., calls on drivers and pedestrians to make an extra effort the rest of this year.

"Although traffic is heavier in summer, figures compiled by the A. A. A. reveal that nearly one-third of all motor fatalities occur in the last three months of the year," said S. Edward Gable, president of the Federation. "Of the approximately 30,000 highway deaths in the United States last year, 10,250 were in the final quarter. A similar ratio has held for the past five years, with November and December toll the heaviest."

With a tinge of frost in the air there comes a natural tendency on the part of the pedestrian to quicken his steps and a kindred urge seems to grip the man or woman at the wheel of a motor car. This added zest which comes when the air is brisk should not be turned from a blessing to a hazard through lack of caution. This season provides wonderful settings for motor trips, but these autumnal landscapes—the corn in the shock; leaves turned scarlet, gold and brown; golden rod and bitter sweet along the roadside; the pungent odor of burning leaves in the frosty air—all these cannot be enjoyed to the fullest extent by the driver, not by the passengers of a car speeding along at breakneck pace.

Falling leaves on wet streets and highways offer a serious traffic hazard and too sudden application of brakes will cause skidding with resultant dangers.

If motorists will bear these things in mind, and if pedestrians will co-operate we can cut down materially the number of accidents in Pennsylvania during November and December. Driving hazards in the fall, as well as at any other season, can be cut to a minimum if we will make it a point to look to ourselves as well as to the other fellow and obey implicitly that golden rule of the highway—drive as you would have others drive.

WHEAT TURMOIL IN ARGENTINA, ALSO

News from Argentina reads like reports from the dissatisfied wheat belts of our own Middle West. There is turmoil in this South American country—plenty of it. Farmers are demanding that the government do something to aid them—are insisting, for example, that a minimum price be fixed. Unless they are given help they are threatening to allow their crops to remain unharvested. They want profits, and existing rates do not provide profits. In Argentina it is the same old story with which we are all so familiar here in the United States. Wheat farms down that way operate at a loss.

The face-it—and it might as well be recognized not only in Argentina but in the Middle West—that there is too much wheat for sale. We ourselves have grown it beyond the capacity of markets to absorb. There is a law of nature that applies everywhere and can be beaten nowhere—the law of supply and demand. Produce a huge surplus of any kind—it matters not what—and that surplus clogs the channels of trade. No artificial law can force consumption by an appetite that is already satiated. No rigging of the market—no millions of dollars furnished by governments to withdraw a portion of a surplus and store it—can have more than a temporary effect. Our Farm Board tried it and failed miserably.

There is just one way for wheat growers to prosper. That is to restrict production to the approximate requirements of domestic and export markets. Manufacturers, when they find that output has overtaken demand, pull in their horns. Wheat and cotton growers do not. And then they get into trouble.

The government at Washington is fully alive to the situation. So necessary is it to curtail acreage that the agricultural administration is insisting on it, and insisting to such an extent that wheat and corn farmers and cotton growers are to be paid in cash for decreasing their production next year. This is to be done through a series of processing taxes. And the public foots the bill.

Even the ancient romancers employed sex, but they left a little of it to the imagination.

It is easy to believe in Providence when you note how people drive and how few wrecks there are.

YOU DON'T MEAN ME!

I HEAR you talking about the carelessness, the stupidity, the meanness of mankind. I hear you contrasting them with the animals, so decent and mindful of their own business. I hear you using such words as arrogance—envy—laziness—cruelty—blindness—bigotry—avarice—thoughtlessness—jealousy—narrow-mindedness—ignorance—sluggishness—indifference—and dozens of other words that express your disapproval and your grief. I hear you indict the race. I hear you despair. I hear you agonize over the darker side of our human family.

And when I am in the proper mood, I agree with every word of your jeremiad. That's right. Men are like that. They do terrible things. They betray each other. They forfeit all claims to their proud eminence at the head of procession evolution. . . . When you think of what they might be, and what so many of them are, your spirit sinks low and misery pierces your heart. . . . I agree with your bitter wisdom.

But of course you don't mean ME. You don't mean any of your family, any of your close friends. . . . You are talking of other people entirely. You are looking at the great conglomeration of mankind. You are thinking of the crowd, not of the people you like or love. . . . You don't mean yourself, you don't mean ME.

I may do some of those things you deplore, but always I have a good excuse. . . . I didn't mean to do them or I was sorry the minute I did. I was under heavy strain. I didn't understand the situation exactly. You understand the situation. I know, and I know you'll forgive me, your friend, as you cannot forgive all those others whom you do not know.

You see how it is. When you know a person, you forgive him and you understand. . . . And you can't know everybody, so perhaps none of those unknown people you don't know are as bad as you sometimes think, and if you knew them you wouldn't talk the way you do. . . . You couldn't.

DARKEST BEFORE DAWN

At times life seems tragic and hopeless.

For years you may have hoped for certain improvements in members of your family, but it hasn't been brought about.

You have used every means in your power, and by word, deed, and appeal endeavored to make all members of your family reach the ideals you set for them.

But they do not come to expectations, you are discouraged.

Perhaps it is an endeavor to get a little money ahead for a sort of old age pension or fund to keep you out of an institution in your last days.

But something always happened to reduce accumulation to nothing. Efforts you made to advance where you are employed came to naught.

Long out of employment and often carried along with a false hope that you would be a money earner again.

So much that is unfavorable has happened that you feel "what's the use."

Such a state of mind is an alarming condition and should not be permitted to last. It becomes a chronic habit of mind.

There is some use in making an effort.

Continuing to strive, there is always hope that you may benefit by it.

Don't give up. Keep trying. It is always darkest just before day.

RECOVERY

Out of the ether, out of the gloom, Out of the sleep of the surgical room,

Out of the anguish and out of the pain, Back to us all she comes smiling again.

Done is the doubting and ended the dread, Gone is the fear from her hospital bed.

Now to her cheeks come the roses to bloom And the sound of sweet laughter is heard in her room.

Here is a joy only those understand Who have watched in a hall the clock's slow-moving hand,

Impatiently, nervously, waiting to learn That safely to them would their loved one return.

Joy, sound your cymbal and string up a tune! Soon she'll be home again! Home again soon!

Out of the anguish and out of the pain, Back to us all she comes smiling again.

Release Of Bank Deposits Gives New Business Hope

Superior To Other Proposed Means of Increasing Circulation, According To Majority Of Comments On Government's Plan

A substantial volume of commendation comes in response to announcement of the Government's plan to have deposits released from banks that have been closed. Federal financial assistance will be given in handling the assets of such institutions. It is believed by the majority of observers that the use of hundreds of millions which have been tied up will give valuable assistance to the campaign for recovery.

"Most financial observers believe" according to ROCHESTER TIMES-UNION, "that the move is excellent since it will release to thousands of depositors, funds they need to make purchases or finance their business activities." The COLUMBIA (S. C.) STATE sees prospects of "an orgy of debt paying, squaring of accounts and buying." The OAKLAND TRIBUNE remarks that "one more plank is adjusted to the recovery platform," and the ST. PAUL DISPATCH declares: "It should cure a long-felt weakness in the recovery program. The money tied up in these institutions, throughout the country has represented a deflationary influence that has been distressingly effective in counteracting much of the inflationary plan of the administration."

"It is being put into effect with a rush" according to the DAYTON DAILY NEWS, which adds that "a similar process is going on with the 'frozen' mortgages of the country." The FORT WORTH STAR-TELEGRAM believes that "there is no forward force greater than the one created by the restoration of money and credit supposed to have been lost."

"Execution of this project" in the opinion of the PHILADELPHIA EVENING BULLETIN, "should benefit depositors by giving them use of at least a substantial part of their own money, add to additional purchasing power, the ultimate realization of a better price for depreciated assets. In carrying it out the Government takes a reasonable risk for the general welfare. Success of this relief measure hinges largely on the speed with which the machinery of appraisal can be made to operate in the case of national banks and on energetic co-operating by State authorities in the case of State institutions. The opportunity is opened for effective service."

"It will be not only a relief to hard-pressed depositors" thinks the TOPEKA DAILY CAPITAL "but will stimulate the Buy Now Drive. It encourages confidence in this section in the liquidating board that C. B. Merriam heads if the release of a billion dollars of more of deposits in banks renders a much greater service than issue of a billion dollars in Treasury notes or other currency, assuming that the released credit go into banks as it may be presumed most of them will. Money hoarded and kept out of banks is little more serviceable in aiding business recovery, then money tied up in closed banks."

Nearly all the banks that were closed," recalls the CHARLOTTE OBSERVER, "were shut by reason of too many real estate mortgage securities. The depression sent paper of that kind to a low ebb. Federal bank examiners turned it down in every case, although realizing that it was good security—for the future."

Previous to the depression real estate mortgages were regarded as first class security and because of this the banks were well stocked. How to get rid of this class of col-

lateral has been the rub, but now the problem is being solved. In short the liquidating company being set up by the Government with Reconstruction Finance Corporation money will absorb this paper, advance cash and count on the ultimate realization of face value on the paper to prevent a governmental loss. Meanwhile the banks will be provided with sufficient liquid assets to permit them to re-open for full operation."

The importance of this move as a means of heading off the inflation demands is emphasized by the WASHINGTON EVENING STAR and the SCRANTON TIMES. Recording the fact that the deposit liquidation board will make loans as an agency of the Reconstruction Finance Corporation, the CHICAGO DAILY NEWS states: "It will take over unpledged assets of the banks as security. In the case of closed national banks, it is believed the loans can be made speedily and the money turned over to waiting depositors. Action with state banks will depend chiefly on the speed with which the receivers and other state officials cooperate with the federal authorities. Estimates are that \$1,000,000 can be released to depositors through this offer to advance federal funds. The plan is meritorious and, if the advances are made on conservative valuations, no ultimate loss of taxpayers should result. It merits the fullest degree of cooperation, but the effect on public buying power should not be over-estimated. That was done in the case of loans on veteran's adjusted compensation certificates, which fell far short of the estimates of their influence on trade and industry."

Conceding that "there is no question that it will be helpful" the PROVIDENCE JOURNAL questions the method. On this point it argues "In this particular instance of investing taxpayer's money in slow, if not doubtful assets the expenditure of a billion dollars is contemplated (Continued From Page Four)

NOT MODERN PRICES

A recent display of rare first volumes of music manuscripts in the Congressional Library at Washington showed a little pencilled account of his earnings by Stephen C. Foster, who wrote some of America's most popular folk songs.

"My Old Kentucky Home" had brought him \$1,327.06 at the time the entry was made, and he thought it "might be good for another \$100."

"Old Folks at Home" was Foster's most lucrative song, making for him \$1,847.46. "Massa in the Cold, Cold Ground," had paid him \$906.76, an entry showed, and he expected it to make him another \$50.

saying in effect that it will reimburse to some undetermined extent, depositors for losses sustained. President Roosevelt clearly implies in his statement that they are likely to receive more as a consequence of Federal financial assistance than they otherwise would. Such assistance may conceivably be at the expense of the general taxpaying public.

Mushball Dinner Is Big Success

Fifty-five Gather At St. Andrews Church For First Mushball Banquet

Bart Richards Speaks; National Radiators Honored As 1933 Champions

Enthusiasm was high last evening at St. Andrews Church on Long Avenue, as fifty-five East Side Mushball League players and fans enjoyed the first annual banquet of the league. The National Radiator team, champions of the 1933 season were honored at the banquet. It was a night of talking mushball, and a great many speeches were heard. Hon. Bart E. Richards, of The News was the main speaker of the evening and his speech was thoroughly enjoyed.

The dinner got under way shortly after 7 o'clock. The mushball players and fans filed into the St. Andrews banquet hall to the strains of popular music. A delicious repast of baked pork chops, scalloped potatoes, peas, salad and all the necessary side dishes greeted the assemblage. For about an hour or so there wasn't much talking in the hall as the boys dug into those pork chops and potatoes done to a turn by Mrs. William Wignall and her capable assistants. The dinner was all that anyone could ask for. It was perfect. The food was done to

a turn. It was a meal fit for a king as one speaker put it later in the program.

Speaking Program
After the eating end of the banquet was out of the way and everyone's appetite appeased by the good things the program then reverted over to Charles P. "Bugs" Walther, president of the East Side League who was selected as toastmaster. After a few introductory remarks on the league this year and congratulating the Radiators on their championship, Mr. Walther called on William Evans for a song and the old gentleman responded with his famous "Slappy Dab Dab" song that was thoroughly enjoyed.

The second part of the program was a rendition of musical numbers in fine manner by Robert Saylor and Henry Ritter under the management of George McCracken, the men rendering old time and popular songs on the guitar and harmonica.

Managers Speak
Hon. Bart Richards of The News then called upon and gave a fine talk in which he said that he is big booster for mushball, and that he thinks mushball is a fine game, and one that is here to stay.

Ray "Bugs" Cutler, manager of the East Side Merchants runnersup for the championship was called upon and gave a fine talk in which he congratulated the Radiators for their success this year. C. C. Cover manager of the National Radiators was then called upon and gave a fine talk about the mushball league and said that the Radiators will put another good team on the field next year.

Wignall Gives Talk

William Wignall, St. Andrews church booster and one of the most popular sportsmen on the East Side also a Commissioner in the Mushball league was called upon and responded with an excellent talk in which he said that he enjoys mushball and that he is willing to help the boys out anytime. All he asked was sportsmanship and clean play. He congratulated the Radiators on their fine team. Mr. Wignall's speech was one of the highlights of the evening's program.

Rev. S. M. Black, pastor of St. Andrews church was called upon and responded with a fine talk on sportsmanship, and playing the game fair and square. Rev. Black is a booster for athletics. He gave the assemblage a good heart to heart talk.

Riley Presents Gift

Dave Riley of St. Andrews church one of the most energetic boosters St. Andrews has and a mushball player himself on the church team,

responded to a toast with a fine speech and at the conclusion presented President Walther with a gold pencil and cigarette case for his services with the league this year. Mr. Walther responded with a short talk in which he thanked the Mr. Riley, the league players, and officials and everyone present for the gift.

Earl Riley an umpire in the mushball league and a former old time baseball player was present and gave a talk in which he reviewed several incidents that cropped out this year in the mushball games. His talk was enjoyed. He offered his services to the league next year as umpire. Toastmaster Walther then called upon Jacob Hetrick superintendent of the St. Andrews Sunday school who responded with a fine talk and also on Denny Sturdevant, Tommy Evans, one of the St. Andrews boosters and member of the team concluded the speaking program with a fine talk in which he said that St. Andrews will be back with a fast team next summer.

Very Fine Committee
The entire banquet was cooked and prepared by Mrs. William Wignall and she was assisted in serving the banquet by the following young ladies of St. Andrews church: Miss Anna Hitchens, Virginia Kerber, Mrs. Thomas Evans, Mrs. Francis Barber, Mrs. Catherine Meyers, Mrs. Ada Bailey, Mrs. Rose Sturdevant, Miss Katherine Smith, Miss Margaret Owens, Florence Hitchens, Jean Riley, Betty Lou Hartland, Elizabeth Fleeger, Mrs. Jennie Bardley, Mrs. May Perry, Edna Hartland and Anna Plush.

"Our Chipso-washed clothes look nice for years!"

says this clever mother

"I can give you proof that Chipso keeps materials new-looking longer," exclaimed Mrs. A. B. King of Wilmington, Del. "A neighbor and I bought the same pattern of printed cotton goods. I made a kitchen apron. She made her little girl a dress. In less than a year the child's dress had no pattern on it! But my apron—washed in Chipso at least once a month for five full years—is bright and pretty today!"

"Nothing ever comes to harm in Chipso—not even silks and woollens. Yet to me there is nothing like it for speed and ease in taking out dirt. Chipso fills the tub with wonderful suds. They practically soak the sheets, towels and linens white as snow."

Saves hands . . . safe
for colors

"I've tried other soaps that might get the clothes white—but then I wouldn't trust them for colors. I know I can trust Chipso. Chipso isn't harsh. I wash dishes with it three times a day and it doesn't hurt my hands. I've washed a 65¢ pair of gray silk stockings in Chipso for a whole season without having them streak or turn pinkish. And when I patch the children's old clothes with new material the patch matches so perfectly you would think the clothes had never been washed!"

Chipso is not adulterated with the harsh substances contained in inferior soaps which gradually weaken fabrics and dull their color. Chipso loosens dirt harmlessly by RICHER SUDS. That is why Chipso-washed clothes stay new-looking for years.

Don't endanger the clothes you have spent good money for by washing them in cheap flakes or strong granulated soap and powders. Get Chipso from your grocer. At its low price, Chipso is the biggest value in rich, safe soap on the market today!

Green pattern clear and lively, after 2 WINTERS' WEAR to school. This dress has had more than 70 Chipso washings," Mrs. King says.

"Jane has worn this red printed percale to school for 2 full winters," Mrs. King told us. "The COLOR DOES NOT RUN in Chipso suds. No streaks on the white collar!"

THE SECOND SUMMER for this white and yellow linen suit—Chipso-washed regularly! Barnes will outgrow it before it looks old.

"My red-and-white eyelet dress has not split or faded in HALF A HUNDRED CHIPSO WASHINGS," says Mrs. King.

REPEAL!

In reality there should be little necessity at this time to say anything at all on the subject of repeal. We never had prohibition and absolute prohibition was not in fact intended by the Eighteenth Amendment. We have had merely one form of regulation and it has been fully proven to the satisfaction of the majority of our voters at least that the present system of regulation is impractical and unenforceable. We must now try something else but before that can be accomplished and before any method even remotely approaching a satisfactory method can be adopted to meet the needs and to be made to conform to the conditions existing in the various subdivisions of our country, the amendment must be repealed and the question again returned to the several states from which it came.

We cannot and should not shift the responsibility for this troublesome question to the shoulder of Uncle Sam and we must all come to the full realization of the fact that the Eighteenth Amendment is doomed and that we must conform ourselves to some more satisfactory form of regulation of the liquor traffic. We must now assume the responsibility ourselves and we must appeal equally to you—the wets, to you—the dries, and to you—the long suffering public in between, who in reality tipped the balance toward prohibition, and now are tipping it rapidly back again towards repeal, to all get away from personal differences to the question and to all get together and to all work in unison to the full purpose and effect that proper legislation be enacted in Harrisburg within the next month to handle the situation and to see to it that once passed, the laws are enforced.

NOTE: The above article entitled "Repeal" is the third of a series of three articles on the related subjects of "Prohibition," "Temperance," and "Repeal" written by W. J. Baer, Democratic Candidate for District Attorney.

Laud Boy Scouts At Honor Court

Crowd Sees Ceremony At
First Presbyterian; Kirk
In Charge

ASK HIGHER COURT FOR EAGLE BADGE

Held last night in the First Presbyterian church, the October session of the north district scout court of honor brought out another of those big gatherings which mark the annual court of honor. In the absence of Dr. G. S. Bennett, who had several meetings in his own church, Howard Kirk, Jr., chairman of V-17 troop committee and a member of the council, presided, assisted by Skipper Sid Smith, Alderman L. C. Mantz, L. H. McCamie and the executive, with district commissioner Hainsworth having the closing ceremony.

Awards were made as follows: From tenderfoot to second class rank, Richard John (V-18) and LeRoy Downing (West Pittsburg 11). From second class to first class Fred Benn, Harold Chambers, Kenneth Freed, Mike Marcondino and Mickey Pavlovich of West Pittsburg 1.

Calahan Plans Visit
Sid Smith then said a few words about the Seascout work in the council and stated that J. Lee Calahan would be at the scout leader's meeting at the Highland U. P. church next Thursday evening. He invited scouts, and interested parents of first class rank and fifteen years or older, to attend this and find out more about Seascout work.

Merit badges were then awarded, a large number being called for. On account of this, only the scout's names and troop numbers listed below.

Life Scout James Gravenstretter of V-37 was approved for recommendation to the National Court of Honor for the Eagle rank. Star Scout Walter Green of V-18 was awarded Life rank. Scout Bob Garvin of V-37 was awarded Star rank. Other merit badges were awarded to the following named scouts:

Sidney Varier, Robert McCaslin of New Wilmington V-1; Bob Garvin, Bob Mackie, James Gravenstretter of V-38; Walter Green of V-18; Junior Phares, Edward McKee, Robert Zahnelser, Reid Shiner and Willis Raney of troop 12; Bud McCamie and Dick Hamilton of V-17 and Scoutmaster Jack Hainsworth, assistant Harry Voland, troop committeeman, Bertrice Voland and scouts Hans Fisher, Albert Beres, John Benn, Kenneth Freed, Wilfred Aloe, Fred Benn, Ovid Buchanan, Herman Neumeyer, Francis Bannon, Andrew Tussale, Robert Snodgrass, Nick Santagelo, James Rice, Harold Chambers, Steve Koe and Louis Santagelo, all of West Pittsburg 1. (This last was an unusual group in that all types of leadership received badges: scoutmaster, assistant and troop committeeman.)

Robert Jones of New Wilmington then presented Camp Jamboree medallions from Region three headquarters to representatives of troops V-18, V-15 (the winner), V-37 and New Wilmington V-1 for their work in making the standard grade or better at the 1933 contest.

The scouts were reminded of the Armistice Day celebration in New Castle, all county troops being eligible to participate in this. The session was dismissed with the Scoutmaster's benediction, led by Mr. Hainsworth.

Johnson Assures Striking Miners Of Peace Moves

Striking Miners Delegation
From Western Pennsylvania
Visits Washington, D. C.

(International News Service)
WASHINGTON, Oct. 27.—Marty Ryan, outspoken insurgent leader of striking miners in the Fayette coal fields of Pennsylvania, returned to the Keystone state today with the avowed belief that the Blue Eagle of the new deal is about to spread its wings over the strife torn bituminous coal fields.

Ryan headed a delegation of miners and union leaders who called at the office of Gen. Hugh S. Johnson and at the White House. They were unable to see the president personally because he is suffering from a slight cold, but they put their pleas before his secretary and were assured the matter would be brought

promptly to the chief executive's attention.

The delegation came here to urge prompt settlement of the captive mine dispute. For ten days this matter has been in the hands of the chief executive following the deadlock in negotiations between Thomas Moses, head of the H. C. Frick Coke Company, and Phillip Murray, International vice president of the United Mine Workers of America.

Ryan was accompanied by William Hynes, president of District No. 4, U. M. W. A., Andrew Ritchie, W. R. Minard, John E. Johnson, Ralph Courtney, James Arthur Hall and Joseph J. Prady.

President Roosevelt was ill in his room and not receiving callers when the group reached the White House. His secretary, however, greeted them cordially and told them Mr. Roosevelt insisted upon the settlement of the mine dispute without further parley. It was good news to the band of strikers.

Evening Program

The men of the Presbyterian churches of the Shenango Presbytery rallied for a dinner meeting Thursday evening in the First Presbyterian church of Sharon, with approximately two hundred and fifty men joining their voices in "Praise God From Whom All Blessings Flow," as they sat down to a most delicious banquet.

On account of the illness of C. A. Patterson, president of the men's organization of Shenango Presbytery, Rev. William L. Wishart acted as chairman and introduced the speaker.

Rev. William A. Lloyd of Leesburg, past moderator, invoked the Divine blessing and the women of the host church served the menu. James Croft of Pittsburgh sang "Sunrise" and "Come Ye Blessed".

Dr. George W. Shelton, pastor of

the Second Presbyterian church of Pittsburgh gave the address of the evening, taking as his theme "Today's Challenge to the Church"; he spoke in a most inspiring manner, dwelling on the moral depression in the churches, which must be overcome, and with the overthrow of this, then the depression of material things will be overcome.

Many men from the New Castle Presbyterian churches attended.

FINED \$500 FOR SPANKING HIS WIFE
(International News Service)

ST. PETERSBURG, Fla.—Spare the rod and spoil the wife proved a theory that didn't work so well, Granville B. Moore, world war veteran of Safety Harbor, Fla., found to his sorrow.

Moore turned his wife over his knee and administered a sound spanking but when Mrs. Moore took her grievance to court, teeming it as assault and battery, he found that he must either pay a \$500 fine or spend five months in jail.

Hitler rather enjoys a fuss if it isn't Dolfuss.

FUNERAL WAS DELAYED FOR EIGHTEEN YEARS

(International News Service)
CHARLOTTE, N. C.—Dead 18 years, the body of Benjamin Dearnford, "Uncle Ben", has finally found a last resting place.

Dearnford, a German who made his living manufacturing cowhide vests and turning cow horns into hat racks, died in June, 1915, at the age of 64.

For 18 years efforts were made to find relatives in Germany, while the body was held at a local undertaking establishment. A nephew was located recently but was unable to claim the body, so Dearnford was given a funeral and interred.

FELL THREE STORIES, ONLY BROKEN NOSE

(International News Service)
SANTA FE, N. M.—A broken nose was the only injury suffered by Johnnie Beatty, two-year-old son of Mr. and Mrs. W. Beatty of Monte Vista, Colo., when he fell from the third-story window of a local hotel recently. He landed on the roof of a one-story building the hotel.

Steel Leaders To Meet President

Further Report On Captive Mine Negotiations Asked By Roosevelt

CONFERENCE ON NEXT MONDAY

(International News Service) WASHINGTON, Oct. 27.—President Roosevelt has called the hand of the nation's steel leaders again.

He asked them to come here on Monday and tell him what efforts they have made to restore peace in their captive coal mines. Myron Taylor, chairman of the U. S. Steel board, Eugene Grace of Bethlehem, ex-gov. Nathan L. Miller of New York now counsel for the American Iron and Steel Institute, and probably others, will call at the White House Monday. President Roosevelt is ready to ask them some pretty blunt questions.

Mr. Roosevelt sent the metal kings away from here two weeks ago after they assured him they would negotiate with representatives of the captive mine workers in an effort to bring peace in the mines. Since that time there have been reports from Taylor that he and his associates were "making progress." Nothing more definite than that was heard, however, and the president wants to know more about the negotiations.

Elm Street Y. W. Has Anniversary

Anniversary Program To Be Presented Tonight—Organized In 1919

Fourteen years ago the Elm street branch of the New Castle Young Women's Christian Association was organized.

This evening the anniversary will be observed in a fitting way. A program will be presented at the Elm Street Center at 8 o'clock. The Y. W. C. A. board of directors and others from the Central Branch will be guests of the evening.

Mrs. G. A. Brooks will tell of the beginning of the branch in 1919. Mrs. Raymond Williams will give the high spots of the fourteen years. Mrs. Blanche Dillard will describe the future outlook.

Several numbers will be offered by a girls' quartet. A reading will be given by Mrs. Annabel Wadley and another by Thomas Farrow.

Attend Meeting Of Mercer Firemen

President Frank Robinson And Secretary McFarland Assist Organizers

President Frank H. Robinson, and Corresponding Secretary Perry McFarland, of the Northern Pennsylvania Firemen's Association, both of this city, were in Mercer last evening, where they assisted in the organization of the Mercer county branch.

Each county in the Northern Pennsylvania district is to be organized in the near future, and plans for a meeting similar to that held in Mercer, are under way here.

The meeting last evening took place in the Mercer county court house and was in charge of Paul J. Donnelly, of the Sharon fire department, county organizer.

At the close of the meeting, a fine dinner was served.

KINDNESS REWARDED BY \$40,000 BEQUEST

(International News Service) DENVER—Kindness to an elderly man over a period of years was recently repaid here by a bequest worth \$40,000. In a deathbed will, Isaac Dunn, veteran Denver attorney, left virtually his entire estate to Mrs. Josie M. Moore, wife of a railroad machinist, cutting off a sister in Wales with \$10.

ANTICIPATION "Is old Jock a typical Scotsman?" "Is he! He's saved all his toys for his second childhood."

Absence makes the heart grow fonder, which explains the existence of so many soft-chair nature lovers.

An executive is one who gets paid for persuading others to do the work. Example: football coach.

There must be some dull books or nobody would have anything to give the public library.

SCHOOL DANCE TO
OCCUR NOVEMBER 3

The Senior A class will sponsor a
dance for all high school students,
to take place on the evening of No-
vember 3. Dancing will prevail from
8 to 11:30 p. m.
Committees have been appointed to
take charge of the affair. Com-
mittee chairmen are as follows:
Ticket committee, Howard Rum-
baugh; publicity committee Ger-
trude Shaffer; orchestra committee,
James Marshall.
The event promises to be one of
the outstanding social affairs of the
year.

SENIOR RESERVES
WILL HOLD DANCE

"Hobbies" were the center of in-
terest when the various interest
groups of the Girl Reserve organ-
ization met Monday, October 23.
The basketball group includes a
number of exceptionally fine bas-
ketball players. They are getting in
shape preparatory to the basketball
season, and are quite chic in their
Girl Reserve uniforms. The music
group succeeded in getting Mrs.
Joseph F. Replogle for their super-
visors. Mrs. Replogle has outstand-
ing musical ability, and the girls in

the group will derive lasting benefit
under her leadership.
The handicraft group completed
and distributed to the girls the
clever and attractive programs
which they had fashioned to resem-
ble beautiful multi-colored fall
leaves. These were received with
expressions of admiration. The
members of this group are starting
new projects. Some will design the
dance programs for the dance to be
held November 17. Others have de-
cided to crochet with crepe paper,
an operation which requires much
skill and is very effective. Miss
Mary McBride has taken charge of
this group. The dramatics group
made considerable headway on the
production of their plays.
The next meeting, entitled "The
Long and Short of It," has excited
much curiosity among the girls, and
many plan to be present.

Complete Plans For
Latin Club Party

Many business matters were dis-
cussed at the meeting of the Sena-
tus Romanus, Monday, October 23.
Final arrangements for the Senatus
Romanus party were completed.
This is the only social function held
by the organization in many years,
and promises to be a gala affair.
Reports of the various committees
were heard, chief among these be-
ing that of the Christmas card com-
mittee, which explained several pro-
positions to the members, concern-
ing the sale of Christmas cards. A
definite plan has not yet been de-
cided upon.
A unique feature of the program
was the reading of the organiza-
tion's constitution to the group.

Why Doctors Favor
a Liquid Laxative

A doctor will tell you that the care-
less choice of laxatives is a common
cause of chronic constipation.
Any hospital offers evidence of the
harm done by harsh laxatives that
drain the system, weaken the bowel
muscles, and even affect the liver
and kidneys.
Fortunately, the public is fast
returning to laxatives in liquid form.
The dose of a liquid laxative can be
measured. The action can thus be
controlled. It forms no habit; you
needn't take a "double dose" a day
or two later.
Dr. Caldwell's Syrup Pepsin has
the average person's bowels regular
as clockwork in a few weeks' time.
Why not try it? Some pill or tablet
may be more convenient to carry.
But there is little "convenience" in
any cathartic which is taken so
frequently, you must carry it with
you, wherever you go!
Its very taste tells you Dr. Cald-
well's Syrup Pepsin is wholesome. A
delightful taste, and delightful action.
Safe for expectant mothers, and
children. All druggists, ready for
use, in big bottles. Member N. R. A.

Most of the members had forgotten
that such an instrument existed,
but John Thomas unearthed it and
presented it in an able manner. It
was discovered that many things
were being done unconstitutionally,
and this will be corrected in the
future. The meeting had to be ad-
journed before all business was
completed, and the group will as-
semble again at an early date.

FRENCH CLUB MEETS
The weekly meeting of the French
club took place Tuesday, October 24,
in the teachers' lunch room. The
program committee had charge of
the entertainment. The meeting
opened with the singing of the
French national anthem, the "Mar-
seillaise", led by Ruth Shale.
A hilarious French comedy, "Faim
ou Femme", was presented by John
Othites and Ted Colchicki, and was
very much enjoyed. The remaining
time was spent in games, under the
direction of Beryl Nunn.

STUDENT COUNCIL MEETS
The weekly meeting of the Stud-
ent council of the Senior high
school was held Wednesday, Octo-
ber 25, in room 118. A report of
the committee on monitor badges
was heard, and it was decided to
buy enough badges for all monitors.
The council considered taking
charge of the lost and found de-
partment of the school, but finally
rejected the proposition. It was re-
ported that the sale of the cards on
which the school songs had been

printed was progressing slowly but
surely, and a committee was ap-
pointed to look after this work.
When all business had been com-
pleted, the meeting was adjourned.

CASILLO ADDRESSES HI-Y
An interesting talk by Prof. Nich-
olas Casillo, of the Senior high
school science department, featured
the weekly meeting of the Hi-Y on
Monday, October 23, in the Y. M.
C. A. Mr. Casillo's subject was
"Adventures in the North Land."
A brief business meeting preceded
the evening's program.

EVANGELIST AT CHAPEL
An interesting chapel program
was enjoyed on Thursday morning
by the junior and senior classes.
The Reverend Jackie Burris, of Ak-
ron, Ohio, who is now conducting a
revival campaign in this city, spoke
before the student body on the sub-
ject of "What Is Your Life?"
A popular feature of the program
was the Anderson trio, the Misses
Dolly and Peggy Anderson, who, ac-
companied by Mrs. Marie Anderson,
demonstrated their outstanding
musical ability on the xylophone,
and upon such unique instruments
as whiskey bottles and cowbells.

FOODS CLASSES ENTERTAIN
Eight members of the Senior high
school faculty were entertained by
girls of the foods classes in the
model dining room on Monday and
Wednesday of this week. Hostesses
were Rose Greene and Marjorie
Powell, and their assistants were
girls chosen from the various class-
es.

SCHOOL DISMISSED EARLY

students were rejoicing today and
preparing to enjoy to the fullest ex-
tent the half-day vacation received

mid-western section, Pennsylvania
State Educational association,
which held its opening sessions and
departmental meetings at the Sen-
ior high school this afternoon.

Classes were dismissed at noon,
and will not reconvene until Mon-
day morning.

INTEREST GROUPS BUSY

was recently organized, is divided
into various interest groups, each
group concerned with a particular
hobby. These groups will hold their
meetings after school throughout
the year.

The "Beauty Shoppe" group met
last week and discussed the funda-
mental principles of shampooing
and wave setting. They assembled
again this week when the subject
of interest was manicuring. Other
groups of the organization are the
sewing, candy-making, handicraft,
and dancing groups. Sponsors of
the club are Mrs. Viola Healy and
Miss Wallace.

WILL DISPLAY WORK
Work done by the students of the
department will be exhibited at the
sectional meeting of the Home Eco-
nomics department which will as-

Journalists Study Freedom Of Press

Westminster Students Consider Guarantees Of Press And Its Function

(Special To The News)
NEW WILMINGTON, Pa., Oct. 27.—Freedom of the press, a present-day problem due to the talk of licensing daily newspapers under the N. R. A., threats to "crack down" on newspapers which do not cooperate with all governmental experiments, and misinformation on the part of some officials as to the extent to which the public will allow its mouthpiece to be restricted and restrained, is being studied in classes in journalism at Westminster college.

Since a major in journalism is offered this year for the first time, a number of courses have been added to the curriculum, Professor Ben Ewema, head of the department of English, announces. The courses now taught by Professor R. K. Graham include: reporting, editing, feature and editorial writing, principles of journalism, public opinion, supervision of school publications, teaching journalism in the high school, and history and ethics of journalism.

One of the new courses added, for juniors and seniors, deals with the public function of the newspaper, its guarantees of freedom, its need of safety from encroachments upon this freedom, its influence upon public opinion, and its problems in the N. R. A. set-up.

Part of the course is devoted to a study of the various media for affecting and influencing public opinion: moving pictures, radio, newspapers, and magazines. The newspaper is studied both as a private business enterprise, from which point, Professor Graham points out, we must start all critical analyses of the daily press; and also as a public institution, from which angle

all threats of restriction should be carefully weighed. "Except in times of war," Professor Ewema states, "a democratic nation can hope to succeed by such a method."

Thirty-seven students are enrolled in the journalism courses offered at Westminster this year. While there is no definite connection with student publications, which are edited and published by the students, most of the staff members are en-

rolled in journalism courses, and they put into practice the theories of the classroom. "American newspapers have never been restricted nor hampered by laws except those of libel and good taste. While the nations of the world now under dictatorship have throttled the press, no nation can long endure

Cross Is Burned Near Hospital

Exploding Bombs Arouse Residents Along Wilmington Avenue As Cross Burns

Residents along Wilmington avenue, in the vicinity of Moody and Winter avenues, were aroused early last evening by two loud explosions, following which a cross burst into flames and burned for several minutes.

The occurrence took place in a vacant field west of Wilmington avenue between Winter and Moody avenue, across from the entrance to

the Jameson Memorial hospital. Many were of the opinion that a gasoline station at the intersection of Wilmington and North Jefferson streets was ablaze, but on investigation found the burning cross.

According to residents in the immediate vicinity, there was no one about the place when the cross took fire.

Auto Driver Hurt By Hallowe'en Prank

SHARON, Pa., Oct. 27.—State highway patrolmen here are seeking the persons who blocked a road in South Pymatuning township early yesterday, resulting in an automobile accident in which William Cunningham of Orangeville was injured and his automobile demolished. Swick Confers With Citizens On Post Office

Will Take Up Matter Of
Stonework On Post Office
With Department

CLAIM INFERIOR
STONE IS USED

Following a conference with directors of the Chamber of Commerce and other leading citizens, relative to the quality of the stone which is being used in the construction of the new post office, Congressman J. Howard Swick stated yesterday afternoon, that he would take the matter up immediately with the U. S. Treasury Department.

It is claimed he says, by local citizens familiar with the situation, that the stone being used in the post office at the present time, is inferior in quality and has not been cut properly, necessitating patching work.

Protest was made to Congressman Swick, who came here yesterday to investigate the situation, and following a meeting with local citizens, stated that he would go immediately to Washington to place the matter before the proper officials.

He stated, that, in his opinion, the citizens of New Castle are entitled to materials which come up to the original specifications and that he will make vigorous protest with the Treasury Department relative to the quality of the material being used here.

"Brown is the meanest man on earth."

Chesterfield

I keep coming back
to that word "balanced"
on the back of the
Chesterfield package

YOU often hear the word balance—some-thing is out of balance—top-heavy, not on an "even keel."

What you read, "Chesterfield Cigarettes are a balanced blend," means that the right amounts of the right kinds of tobacco are welded together; that is, home-grown tobaccos, the right kind, the right quantity—are blended and cross-blended with tobaccos from Turkey and Greece.

When these tobaccos are balanced one against the other, then you have a mild cigarette.

When they are in balance, then you have a better-tasting cigarette.

May we ask you to read again the statement on the back of the Chesterfield package?

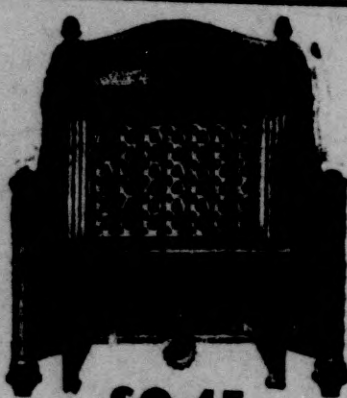

May we ask you to try Chesterfield?

GOVERNOR PINCHOT DECLARES AGAINST REPEAL

Says Convictions Are Not Changed

Realizes 18th Amendment Is To Be Repealed; Warns On Regulation

AGAINST RETURN OF BOOZE CONDITIONS

Prohibition At Worst Better Than Booze At Its Best, He Says

(International News Service)
STATE COLLEGE, Pa., Oct. 27.—I am a dry!—Pinchot.
Breaking a seven-year silence on prohibition, Gov. Gifford Pinchot of Pennsylvania termed it "morally and economically a success" today in an appeal to his friends to vote against repeal of the 18th amendment at the November election.
He termed himself a dry who does not "talk one way and drink another" and admitted nothing is more obvious than that the American people have decided against prohibition. "The decision has not yet been recorded," the governor asserted, "but beyond all question it has been made. In accepting the decision of the American people I have not changed my convictions."

Comparing Conditions.
Addressing the Christian Association of Pennsylvania State college, the governor drew a comparison of conditions before the advent of the 18th amendment and those since prohibition became a part of the federal constitution. He attributed the downfall of prohibition to the "betrayal of dry leaders" who "could not bring themselves to speak the truth about the great."

"I am convinced that prohibition at its worst has been infinitely better than booze at its best," the chief executive declared.
The governor regarded the swing of 33 states to the wet parade as "handwriting on the wall too plain for any doubt."

"This decision against my own views does not lead me to believe that the great majority of the people of the United States are for repeal because they want to guzzle whiskey and wallow in the gutter," he observed.

"We are not a nation of drunkards. We were not before prohibition; and we are not going to be after prohibition."

"This nation is not going straight to the dogs."

Keep Liquor And Politics Apart.
The only way to prevent a return of the conditions that existed before prohibition, the governor believes, is "a working combination of sincere dries and wets to keep liquor and politics apart."

In accepting the decision of the majority, Governor Pinchot pledged himself to use his power in reducing to a minimum the evils he believes

the return of hard liquor will bring. He said:
"1. The saloon must not come back."
"2. Liquor must be kept out of politics."
"3. Liquor must not be sold without restraint, especially it must not be sold at every hot dog stand along the highways."
"4. The iniquitous Brooks high license law, which dragged our judges into liquor politics, must not return."
"5. The sale of liquor must be so handled as to discourage bootlegging by making it unprofitable."

Pointing to the activities of dry leaders, whom he accused of lying "down on the job" after prohibition was written into the United States constitution, the chief executive urged his dry friends not to be disheartened by the sudden change of sentiment.

"It is a condition and not a theory which confronts me," he remarked. "As a sincere dry I say that prohibition may be beaten but the fight against intemperance must go on."

"Our job is not over because the 18th amendment is about to be repealed, on the contrary, the dries need to be far more active than they have been for years. Not active to defeat the will of the American people, but to create a new will and to regulate and control liquor for the greatest good of the greatest number."

"We are dries, but we are Americans first."

Commerce Board Hears Reports

Public Works Program Discussed By Judge James A. Chambers

COMPLIANCE BOARD WORK IS EXPLAINED

Interesting reports on various phases of activity of the New Castle Chamber of Commerce were submitted at the monthly meeting of the board of directors, held as a luncheon meeting in The Castleton Thursday noon.

Progress on the Lawrence county public works program was reported by Judge James A. Chambers and the status of the city program was also explained. It is hoped, the report stated, that money for public works construction would be received in the near future.

It was reported that a large increase in employment was being made by one of the New Castle plants which was brought about due to the co-operation and efforts of the Chamber of Commerce.

Marcus Feuchtwanger, chairman of the local compliance board of the NRA, which has been operating under the auspices of the New Castle Chamber of Commerce, made a very excellent report on the functions of

the board here. He stated that hearty co-operation was being received from the business interests and residents of this city.

The board of Directors went on record as approving the action of the Pennsylvania State Chamber of Commerce on the state chamber referendum, No. 16 (amendments to the state constitution). This action being that amendments numbers 1, 4, 5 and 6 on the ballot at the November 7 election be opposed, and that amendments numbers 2, 3, 7, 8, 9 and 10, 11 and 12 be approved, and the citizens of our community be requested to vote for the amendments approved on November 7.

The meeting, which was presided over by President Louis G. Genkinger, was a very well attended one. Those in attendance in addition to President Genkinger, were: Directors Hon. James A. Chambers, W. W. Duff, T. H. Hartman, W. F. Moody, Fred L. Renz, B. H. Kantenberg, T. F. Morehead and Louis B. Round, and Secretary Alfred W. Chilton.

As guests of the board to discuss matters of benefit to our community were: Hon. Dr. J. Howard Swick, congressman representing the 28th Pennsylvania congressional district; Marcus Feuchtwanger, Louis A. Haug and John W. Pattison.

Dishonorable Discharges For Five Members Of Conservation Corps

(International News Service) GETTYSBURG, Pa., Oct. 27.—Five members of the C. C. Camp No. 2 on the historic battlefield here had been dishonorably discharged today after they were court-martialed on charges of participating in a "communist and bolshevistic plot."

The quintet, who came here from the state of Washington with the corps, were accused of "refusing to work, counseling others not to work and threatening the lives of their superiors."

Captain J. M. MacDonnell who presided at the hearing refused to divulge their names but admitted their homes were in New York.

It was believed to be the first instance wherein Civilian Conservation Corps workers were dishonorably discharged from service.

The Croton Methodist choir will have its rehearsal meeting Saturday evening of this week, according to the director, Mrs. June Bernard. The night was changed on account of the reception for Dr. and Mrs. Farr Thursday evening.

Westfield Services. Services Sunday at the Westfield Presbyterian church will be conducted by the Rev. Richard Siston of New Galilee.

W. B. A. Meeting. Review 98 of the W. B. A., will have its regular meeting in the I. O. O. F. hall this evening at 8 o'clock.

The Sunday services will be as usual and the evangelist will speak at the evening service.

Section E Meeting. Members of Section E of the Y. L. B. class of the Third U. P. church were received in the home of Mrs. John Boston on Butler avenue on Thursday evening for their regular session. Sewing and chat formed the social diversions following the business routine, which opened with devotionals being led by their hostess.

On Thursday of the coming week the members will be guests of Mrs. Jennie Shaffer and Mrs. Fred Sturdevant, who will entertain jointly at the home of the former on Butler avenue. This will be in the form of a 1 o'clock luncheon and will last all day with quilting as the main pastime.

Chapter Organizes. The Chapter of Youth, 48 held its first business meeting Wednesday evening in the City Building with five new members being enrolled: Jennie Zumbella, Gertrude DeMassi, Margaret Bordonari, Caroline Micco and Elizabeth Denardis.

Wm. DeLorenzo of the Rincenza lodge 19 acted as herald and Rose Scripanti was named reporter. A social committee was appointed for the next three months and the meetings will be held the last Wednesday of the month.

Games and music furnished pastime for the social hour.

Executive Board. The executive board of the Emanuel Baptist church will meet Saturday afternoon at 2 o'clock in the church.

Another Troop Party. Thursday evening found the Thaddeus Stevens Troop of Girl Scouts with their leaders, Miss Love and Miss Grimes, gathered in Halloween fashion at the home of Jeanne Louise Wright on East Harrison street.

Jack-o'-lanterns, witches, and black cats loaned a spooky appearance to the home. Games, music and various contests were enjoyed and prizes were awarded to the following girls: Ruth Pitzer, Eleanor Keeling, Clarabell Cope and Jeanne Louise Wright. At a seasonable hour a delicious lunch was served by the scout leaders, assisted by Mrs. W. C. Wright, the mother of the hostess. Plans were made for a hike on November 4.

MINNEHAHA TROOP. Instead of meeting at Cascade Park as it has on previous Saturday mornings, the Minnehaha Troop of Girl Scouts will meet in the city hall on Saturday morning at 10 o'clock. The change is made because of the cold weather.

Methodists Pay Homage To Farrs

Several Hundred Friends Of
District Superintendent
Assemble In Church

Dr. Farr Reminisces On
Early Relationship With
Church And People
Of City

Perfect in every detail was the reception given Thursday evening in the Epworth Methodist church for Dr. and Mrs. C. G. Farr by the various Methodist congregations of New Castle and vicinity, and a more appropriate place could not have been selected, for Dr. Farr served as minister to the Epworth Methodist church over a period of seven years prior to being called as a district superintendent.

There were close to 400 friends passed the receiving line in the entrance to the church, greeting and being greeted by Dr. and Mrs. Farr, Dr. and Mrs. Roy Cass, Grove City; Dr. and Mrs. J. A. Gallagher, Dr. N. A. White and Miss Mary Alice White, Rev. A. M. Stump of St. Paul's Lutheran church, Rev. and Mrs. W. H. Downing and Rev. and Mrs. R. B. Withers. Chester Reynolds led the group in singing.

Rev. Joshua Presides
Rev. C. S. Joshua acted as master of ceremonies for the evening and introduced the various speakers. Rev. V. L. Bloomquist offered the opening prayer; Rev. T. O. McNulty of New Wilmington read the Scripture lesson and Dr. N. A. White of the First Methodist church offered greetings from his congregation and spoke most laudatory words of his personal relationship with Dr. and Mrs. Farr, as well as the relationship as pastor and district superintendent. He spoke of Dr. Farr as a man of poise, good judgment, one who can size up natures, large-hearted, and a man of great faith in God, the attributes that are necessary for the handling of the affairs of a district.

The First Methodist church quartet: Lillian Sarver, Mrs. W. P. Felton, Arthur Thomas and William Campbell, sang "Festival Te Deum" with A. A. Taylor at the organ.

W. H. Downing of the Mahoning church was next to add his words of greetings to Dr. and Mrs. Farr and wish them God's blessing in their new home. He spoke of them as friends and neighbors and how their residence in the city had been greatly appreciated. Mrs. June Bernard, choir director of the Croton Methodist church, sang most beautifully, using "Prayer Perfect" as her number. Mrs. J. M. Pyle accompanied her.

Dr. Roy Cass of the First Methodist church of Grove City then spoke for the city to which Dr. and

Mrs. Farr are moving, giving a very warm welcome to them on behalf of the Methodists of that place.

Mrs. J. M. Pyle gave an organ number, "Traditional Hebrew Melody", which was greatly enjoyed by the group, and Miss Helen Allen, soprano, sang "O Lord Most High".

For Ministers
Rev. A. M. Stump of St. Paul's Lutheran church spoke for the New Castle Ministerial Association, telling of the pleasant relationship that has always existed between Dr. Farr and his clerical associates, and saying that he would be greatly missed as a member, but inasmuch as he was not going far, the friendships formed would be continued.

Mrs. J. M. Pyle then played a most unique organ number, "The Squirrel", by request, and Dr. J. A. Gallagher, pastor of Epworth, spoke most feelingly of Dr. Farr's relationship to the congregation and wished them God-speed and happiness in their new home. He then, for the congregation, presented Mrs. Farr with a bouquet of beautiful white chrysanthemums.

Mrs. Farr, who was then called upon, gave her response in a most impressive manner, inasmuch as she is suffering from a severe throat cold. She said Mrs. J. M. Pyle would "play" her speech and most beautifully and softly she played an excellently arranged composition.

NERVOUS WOMEN FIND RELIEF

Now They Are Praising Lydia
E. Pinkham's Vegetable
Compound

"Lydia E. Pinkham's Vegetable Compound helps me wonderfully. I took it for nerves and it quieted and strengthened me. I have good natural color now and a better appetite."—Mrs. Lulu Cronin, 2939 131st Point Place, Toledo, Ohio.

"I am forty-seven years old. I have been suffering from terrible headaches and nervousness. All the time I felt weak and tired. Lydia E. Pinkham's Vegetable Compound surely is helping me. My nerves are better. I sleep well and feel well and strong."—Mrs. C. Richards, 870 Coney Island Ave., Brooklyn, New York.

position of "Auld Lang Syne" and "Blest Be the Tie That Binds", the tones of the organ striking each heart with just the right chords to express Mrs. Farr's sentiment.

Dr. Farr then responded to the greetings of the evening. He reminisced a little on his early associations and impressions of New Castle and his pastorate in the city, with his personal relationship to the churches and homes in the city, then his relationship as district superintendent, and he closed his remarks by saying: "I try to be brotherly and I try to be just."

W. S. Ingersoll pronounced the benediction and as the orchestra of the Epworth church played a lively march the entire group went to the dining room, where long tables were laid and all were served refreshments and enjoyed a period of fellowship.

An interesting feature of the evening was the arrival of Mr. and Mrs. Arthur Stitzinger of Philadelphia, at whose home Dr. Farr was entertained upon his first visit to New Castle, when he attended a conference here in 1913.

Crisis Faced At St. Fidelis

Catholic School In Butler
County To Suspend As
Students Seek Aid

LOCAL BOY AMONG
THOSE IN SCHOOL

St. Fidelis Seminary, founded at Herman, Butler county, in 1877, by the Capuchin Franciscan fathers, is to suspend classes for the first time in its history and 162 young men training for the Catholic priesthood will be sent home to attempt to raise funds to continue their studies

Rev. Bertrand Brookman, O. M. Cap., director, in announcing the temporary closing of the institution, said it was facing the worst financial crisis since its foundation.

"We have never turned away a worthy student for the priesthood on account of inability to pay," he stated. "At this time more than half of the students are unable to pay even a part of their board and tuition. St. Fidelis has no endowment, and the only income is in fees of those students able to pay, a few bourses and donations of benefactors. For the last few years it has been a hand-to-mouth existence and the situation grew acute with the opening of the present school year." Father Brookman is giving the students an opportunity to do what

they can to defray expenses. They will be released from classes and allowed to go home to try to raise funds for the school.

Among the students preparing for the priesthood at St. Fidelis is John V. Gallagher, of Taylor street, son of Mr. and Mrs. Vincent J. Gallagher. He has been attending school there for the past six years.

Uses Frying Pan, Lands In City Jail

Host Objects To Admitting
Man; Housekeeper Wields
Cooking Utensil

Had Ada Florence used a frying pan for the purpose for which it was intended instead of using it to caress the head of John Sticer, it isn't likely three men and Ada

would have gone to jail for the greater portion of this morning, but she did, that is according to the police report which Mayor Mayne will scan when the quartet face His Honor today.

According to the report John Sticer, white, lives at 309 Preston avenue and Ada a colored woman is employed as housekeeper.

Someone developed the idea of having a party. A chap by the name of Buster McKisson applied for admittance to which Sticer objected, according to the report.

It is quite evident from developments that Ada didn't like this so she picked up the frying pan and struck Sticer, police reports say. He didn't like this either and a free-for-all fight started.

Along came the police and they arrested Sticer, Ada, Buster and two other men who gave their names as

Harry Grey and Sidney Clark, all colored, excepting Sticer.

He was charged with being the keeper of a disorderly house and the others were charged with disorderly conduct to which they will have to answer in police court.

months working on the problem of the leisure time of the unemployed. While he is not scheduled on the program it is thought that a place may be made for him.

He is the author of a number of books, his latest being "The New Leisure Challenges the Schools" and is the result of a survey of what the schools of the United States are doing in training for leisure and in providing leisure time activities for pupils, non-school youth and adults.

**The Governor
Says**

What Is Going On
 In Harrisburg—
 And Why

By GIFFORD PINCHOT
 Governor of Pennsylvania

A drive is being made in every
 part of Pennsylvania for funds for
 local charity and welfare.

This drive is part of the national
 movement for the Mobilization for
 Human Needs.

President Roosevelt in opening
 this drive for the mobilization for
 human needs has laid particular
 emphasis on the responsibility of
 individuals and the local commu-
 nities to do all that they can to main-
 tain local relief and welfare. When
 the individual and the community
 cannot handle the problem, the
 State Government must supplement
 the local efforts. And, finally, when
 the community and the State are
 unable to carry on, then, and then
 only, is it the obligation of the Fed-
 eral Government to help.

It is true that the Federal Govern-
 ment and the State Government
 propose not to let anyone starve this
 winter in Pennsylvania. But this
 undertaking is based on a continua-
 tion of the outpouring of private
 charity at as great a rate as ever be-
 fore—or greater.

Let me repeat—state aid supple-
 ments the money that is being raised
 in the present great drive and
 federal money comes into the pic-
 ture only when state and commu-
 nity efforts are insufficient.

State and federal aid is emer-
 gency aid. It is aid resulting from
 an unprecedented amount of unem-
 ployment.

There always is misery; there al-
 ways are people who need help; and

these conditions now are made
 worse by lack of employment. Even
 before the depression there were
 many families who had to have help.
 And there will be such families after
 the depression.

Everyone has the greatest sym-
 pathy for the family of an unem-
 ployed man.

But what of the families who
 have no bread-winner; no one to
 depend upon even when employ-
 ment is available?

It is desperately necessary that
 these community funds shall be
 raised for the care of poor fami-
 lies, for free treatment of the peni-
 tents at hospitals, and all the thousand
 and one methods of relieving suf-
 fering, privation, and misery that
 are employed by our various social
 agencies.

Our permanent social agencies—
 the Red Cross, the Salvation Army,
 the associated sides, the health agenc-
 ies, the children's homes, the hospi-
 tals—all these and more need your
 continued support and they need it
 desperately. They get nothing from
 the unemployment relief funds of
 the State and the Nation.

It is unthinkable that our people
 should fail to keep up the good work
 these agencies are doing.

One word about the hospitals.
 The number of people who are un-
 able to pay for treatment at hospi-
 tals has increased very much during
 the depression. And available funds
 have decreased. Are the hospitals
 going to have to turn away from
 their doors the ill and maimed who
 cannot pay for treatment?

We must all support the 1933 mo-
 bilization for human needs just as
 we must all vote for Constitutional
 Amendment No. 8 on November 7th.

**Answer Five Fire
Alarms Thursday**

Little Damage Results From
 Fires Reported During Af-
 ternoon And Evening

City firemen answered five alarms
 Thursday afternoon and evening,
 small damage resulting from any of
 the blazes.

At 4:15, a false alarm was turned
 in from box 61. An investigation re-
 vealed the box was pulled by a small
 boy, who was brought in and lec-
 tured.

At 6:45 an alarm was received from
 box 77, where a shanty belonging
 to boys on the property of Oliver
 Kerr was found ablaze.

At 8:45 firemen were called to the
 corner of East and North streets by
 a telephoned alarm, where backfire
 in the carburetor of the car of Albert
 Bough set fire to oil and grease about
 the engine. A nearby gas station
 attendant extinguished the blaze
 with fire foam before the firemen
 arrived.

At 9:10 firemen were called to
 Moody avenue, where the brakes on
 a car driven by Mrs. Peter Scott of
 Butler were found ablaze. She had
 been driving with the emergency
 brake on.

At 12:15 firemen were called to
 the home of Elmer Cramer on
 Sampson street, where they found a
 mattress afire in a bedroom. The
 damage was approximately \$25.

 tural state, but its manufacturing

Five Gangland Killers Stage
 Cold-Blooded Murder In
 North Side Club

(International News Service)

CHICAGO, Oct. 27.—While six
 employees and two customers looked
 on, five gangland killers today
 methodically murdered Patay Damo-
 to, 30, co-owner of a north side
 gambling and night club.

Authorities expressed the belief
 that Damoto was slain by the hired
 killers of a gambling syndicate with
 which he was said to have broken.

With his four companions guard-
 ing him, the killer wheeled from the
 bar where they had been drinking
 and fired two bullets into Damoto's
 back as he sat nearby at a table
 playing cards with two men.

The killer cried:
 "You double crosser, you won't
 get away this time."

Damato was playing cards with
 Philip Oignitti, his master of cere-
 monies, and Joseph Valentine, or-

chestra leader, when he was shot
 dead.

The five men ran out as their
 victim slumped to the floor.

Two waitresses, Maxine Cloe and
 Mildred Lavesque, witnessed the
 killing.

Detectives found four gaming
 tables, a quantity of racing para-
 phernalia and a battery of three
 telephones in the cafe.

Police said they were convinced
 that Damoto was "put on the spot"
 for breaking with the gambling
 syndicate controlling racing bets.

Believe "Slicker"
Worked Game Here

**Police On Lookout For Man
 Who Worked Scheme On
 Landlady**

Police are on the lookout for a
 man whom they believe to be a
 "slicker". At least that is what he
 is termed on a police report at
 headquarters. Apparently he out-
 smarted a kindly dispositioned
 North Hill woman Wednesday. She
 reported the alleged ingratitude
 Thursday night.

It appears as though the man
 went to a North Hill house where
 people may obtain lodgings.

He secured a room, and said his
 effects were in a Park avenue house
 but would be taken to his new room
 later.

The gentleman was hungry so the
 woman accommodated him with
 supper and he spent a night at the
 home.

He got up yesterday morning and
 being again hungry the woman got
 him his breakfast.

And now for the story:
 He said he had only a \$50.00 bill
 and inquired if the woman had any
 change. She had and he "borrowed"
 \$1.70.

According to the police report,
 he still has it.

The man is described as being five
 feet six inches tall, weighs 160
 pounds, wears a light soft hat, a
 dark overcoat, wears spectacles and
 his eyes are small.

Police hope to meet up with this
 gentleman. They want a few words
 with him. They would like to know
 if he is a small change slicker or ab-
 sent-minded, forgot to return to his
 new room and return the loan.

The Christian's Use Of Personal Liberty

"Brass Tacks" On The Sunday School Lesson

(The International Uniform Les-
son on the above topic for World's
Temperance Sunday, Oct. 29, is
Romans 13:12, 13:10, "Love worketh
no ill to his neighbor; love there-
fore is the fulfillment of the law.")

By DR. ALVIN E. BELL
One of the earliest references to
Christians to be found in secular
history describes them as "a people
who sing hymns and pay their
taxes." Herein is evidenced the
loyalty of the early church to its
Lord's teaching. "Render unto
Caesar, the things that are Caesar's
and unto God the things that are
God's." The Epistle of the Romans
from which our lesson is taken is an
example of this inseparable rela-
tion of faith and life in that its first
11 chapters set forth the great
Christian doctrines and the last five
chapters the great Christian duties.
Our lesson comes right out of the
heart of this table of Christian duty.
The Challenge Of The New Day
Paul sensed the fact that the
Christian gospel was ushering in a
new day and he sounded the alarm to
arouse the church at Rome to the
demands of this new day by the
heralding: "Knowing the season,
that now it is high time for you to
awake out of sleep; the night is far
spent, and the day is at hand; let us
therefore cast off the works of dark-
ness, and let us put on the armor
of light. Let us walk honestly, as
in the day; not in revelling and
drunkenness, not in chambering and
wantonness, not in strife and jeal-
ousy. But put ye on the Lord Jesus
Christ, and make not provision for
the flesh, to fulfill the lusts thereof."
The challenge of the new day to us
as Christian citizens in 1933 is as
clear as that sounded by
Paul to put away such works of
darkness as our reliance upon brute
force of competitive armaments, our
worship of materialism at the shrine
of Mammon, our tampering with the
perils of intemperance, and drunk-
enness and lewdness at the shrines
of Bacchus. There is a special
need that we cultivate such true
temperance as will act as the inner
law of self-control which makes the
outer law unnecessary.

Rom. 13:10—"Love worketh no
ill to his neighbor; love therefore
is the fulfillment of the law."

FEWER DOGS ARE LICENSED IN STATE

While fewer dogs were licensed in
the state during the past year, the
number in Lawrence county was
quite larger, figures just released by
the bureau of animal industry,
Pennsylvania Department of Agri-
culture show.
Dog owners in Lawrence county
procured licenses for 5,131 canines,
while in the state at large, there
were 457,165 licenses issued.
Figures show there were 10,248
fewer licenses issued in the state
than during the preceding year, 928
fewer dogs were killed, 466 fewer
dog owners were prosecuted, and
\$11,904 less in damage claims were
received. To date, 19,208 uncontrol-
led dogs were killed.
In Beaver county, 6,579 dogs were
licensed; 7,263 in Butler county, and
7,306 in Mercer county.

New Castle And Youngstown Play Tonight

Final Night Battle Brings Chaney High

New Castle High "Red Hurricane" Hopes To Annex Seventh Victory

Chaney High Is Rated High In Ohio Circles; Game Starts At Eight

New Castle high school "Red Hurricane" football team eagerly awaits the whistle tonight at Taggart Field that sends them into action in the seventh game on the 1933 card against Chaney high of Youngstown, Ohio. From all indications this battle will be one of the best of the season at the local stadium. Coach Phil Bridenbaugh gave his New Castle boys a final polishing last night and pronounces them ready for another tough engagement. Chaney high will bring a powerful team to Pa. Newes domain to try and stop the winning streak of the locals. The kickoff is set for 8 o'clock. The big gates of the field will swing open at 7 o'clock. In event of good weather the stadium should be rather well filled for the final game under the flood lights.

Chaney Strong Team
Chaney High will try and take the measure of the "Red Hurricane" South and Raven in the past few years have found the task too big for them. Chaney holds a spring game victory over New Castle about two or three years ago. New Castle wants to even up the score by taking the game tonight.

The "Red Hurricane" started to click at Turtle Creek last week. The stand made by the New Castle team in the second half was splendid. It is hoped that they continue this stride. If the New Castle team shows as much pep tonight as they did Thursday evening in the warm up exercises, Chaney is in for a tough hour's entertainment.

The Youngstowners have been stopped but once this year and that was last week to Salem, Ohio High 13 to 7. It was a tough battle. Chaney was somewhat weakened in the Salem game by injuries, but hope to be at full strength tonight.

Line All Set
The New Castle line has been polished up somewhat this week and with the big Shellogg boys Fred and Alec leading the way will make it tough going for such backfield acts as Kabealo, Ash, Davis and Cellis, of Chaney High. The line is charging lower and faster than ever before. Raskowski and Sorto are developing into two of the most dependable guards that New Castle has ever had.

It may be that an aerial attack will be used tonight by Chaney High and if the Ohioans get away with any long passes it will be because the locals are sleeping. Coach Bridenbaugh has given the team a lot of rehearsal this week in breaking up passes. New Castle may try a few forward passes too. The New Castle team seldom throws many passes, but the heaves they do try are generally effective.

Backfield Ready
Captain Walter "Powerhouse" Kominic is all set for another big drive tonight. Old reliable Walter is good for many a first down when he smashes through. Kominic is the most feared man in the New Castle backfield.

Charles "Whitney" Nickum is a big threat of the triple variety. He can pass, kick and run the ball equally as well. Freddy Lane has his heels all sharpened up for the big push around the ends. Ridley will be in there calling signals and doing a lot of effective blocking.

Expect Big Crowd
All that is needed to make it a large party tonight is a little co-operation from the weatherman. Faculty Manager Ralph H. Gardner is making arrangements for handling a big crowd. Perhaps the biggest of the year. It is expected that Youngstown fans numbering close to 1,000 will follow Chaney High to New Castle. A New Castle-Youngstown game always has plenty of color. Remember this is the final game under the mazzas and then it's back to daylight games on Saturday afternoon.

Union Will Play Grid Game Today With Zelenople

Union high school football team will play Zelenople high at Union field this afternoon at 3 o'clock instead of Saturday, it was announced today by Coach Dave Boyd of Union high. This change was requested by Zelenople high.

Lineups For Tonight

Coach Phil H. Bridenbaugh and the coach of the Chaney high team, Ches McPhee, today announced their probable starting lineups for the game.

The New Castle team will be arrayed in red and white jerseys. The game will start at 8 o'clock. The doors will swing open at 7 o'clock.

Franklin High Wins Junior Championship By 12 To 0 Victory

Mumford And Freed Score Touchdowns That Upset George Washington High

Junior High Teams Play Fine Game At Taggart Field; 500 Witness Game

Ben Franklin junior high school football team won the 1933 junior high championship of the city Thursday afternoon at Taggart field by defeating a hard fighting George Washington high team 12 to 0. Mumford and Freed scored the touchdowns that gave the Gillespie coached machine its 34th straight victory in the past three years. The game was witnessed by a crowd that numbered about 500, composed for the most part by students of the two junior high schools.

It was a fairly even game for the first few minutes of the opening period, with Washington high playing a fine defensive game. Late in the first quarter Small caught a Washington punt on the Washington line and ran it to the 5-yard line. After a few tries at the line Freed plunged the ball over for the first touchdown with Gentsy, Calazza and Small leading the way. Mumford tried for the extra point by placement and the ball was wide of the bars.

Mumford Scores.
The second touchdown for Franklin high came in the middle of the second period when, after a sustained drive had taken the ball to the Washington 35-yard line, Mumford grabbed a pass thrown by Zingaro and raced over the goal line for one of the prettiest plays of the game. The extra point effort by Mumford was blocked.

One good reason why Washington was up against something tough was this chap Mumford, who boots the ball about as well as any junior high lad ever did. His punts yesterday kept Washington high well in their own territory. Loudon and Donegan did some nice ball totting for the Carrolmen, but for the most part found the big Franklin line hard to negotiate.

Scoreless Second Half.
The entire second half of the game was hard fought. Washington high fought hard to try and break the ice, but couldn't get nearer than the Franklin high 20-yard line. Long runs in the game were turned

ed by Mumford, who ran the ball 25 yards on one play around end. Zingaro and Hammond of Franklin high ran several times for gains of 15 yards. Loudon and Donegan clicked off a few nice runs for Washington high and Mort when placed in the game looked good with several tricky runs. He was good at running back punts.

The first downs were 11 for Franklin high and seven for Washington high. Both teams were crippled by the loss of several star players, not eligible to participate in the game.

Franklin Impressive.
Franklin high looked impressive in the victory. The smooth working backfield showed evidence of power, topped by Mumford and Zingaro. On the Franklin line the work of Jokinen, Gentsy and Small was the best. For the Washington team the work of Covelli, Bloise, Howley and McCormick was outstanding. Perrett looked good in the Washington backfield, as did Mort and Donegan. Ross Bridenbaugh played at quarterback for Washington high for part of the game, and despite his size played a fine game.

The summary:
Geo. Wash. 0
Small L. E. Covelli
Calazza L. T. Cox
Gentsy L. G. Bloise
Covelli C. Howley
Jokinen R. G. Leonardo
Ross R. T. Swisher

Golf Leaguers Meet Thursday

Enjoyable Party Held At Muncy Club House With Bell Phone Team As Hosts

With members of the Bell Telephone team of the New Castle Golf League as hosts, the semi-monthly party of the leaguers at the Municipal course clubhouse last evening proved an enjoyable affair.

The greater part of the evening was spent in playing bingo, with Halloween novelties being offered as prizes, after which a tasty lunch was served.

Members of the Gerson team will provide the program at the meeting in two weeks, and an enjoyable occasion is looked forward to by the golfers.

Joey Evans Has Splendid Record

Has Won Title In Two Tournaments And Beat Pittsburgh Champ

BOXERS REPORTED IN TIP-TOP SHAPE

Amateur Athletic union battlers who are scheduled to clash in eight bouts Monday night will end heavy training tomorrow but will keep their muscles loosened so they will be pliable when they crawl through the ropes at Castle bowl. All of them are reported in tip-top physical condition and fans anticipate a night of considerable action.

One of the most colorful 120 pounders in this section will box Jack Trotter of East Liverpool. He is Joey Evans who has twice won the 120 pound championship in nearby tournaments and who added to this prestige when he beat Charles Desanto, Pittsburgh champion.

Evans won the Beaver Valley title then dropped four of five opponents in the Oil City meet. His fifth antagonist was Johnny Russo. Evans won the decision. Trotter is reputed to be a good punter, sturdy and hopes to give Joey a good fight.

Goodballer Vs. Cerra
Tony Adamo of this city and Pete Boy of Ellwood City should furnish a lot of fireworks at 147 pounds and Chet Prosser of East Liverpool will tangle with Ray Atkinson who battles every second he is in the ring. Both welters are popular here.

Alex Lawn of Ellwood, a stablemate of Evans, will battle Charlie Arket of West Pittsburgh. Both are tough as hickory and Lawn has the reputation of getting off the floor to win and Eddie Owens, a popular North Hill lad will tackle Ray Gray, a popular South Side boy.

Dy Williams is sponsor for Gray. He says that with plenty of ring action he expects Ray to become another Johnny Jennings. With Owens as his opponent there is no doubt but that Gray will take a lot of chances to test his pugilistic ability.

Frankie Rachig and Larry Weaver will try to settle their quarrel and the finale bout will find Keith Goodballer, who stopped George Rocco opposed to Tony Cerra of Farrell who has not boxed here. Cerra, a pointed Goodballer in a bout some weeks ago.

Titans Take Only Small Gridiron Squad

Only Fifteen Players Available For Duke Game Tonight At Pittsburgh

(Special To The News)
NEW WILMINGTON, Pa., Oct. 27.—When Coaches Lawther and Martin checked with Trainer Jack Hulme here late Thursday afternoon, it was found that only 15 members of the Westminster College football squad would be available for the Duquesne game tonight at Forbes Field, Pittsburgh.

Seven or eight men are on the injured list, and will be saved for the Grove City game at New Castle on November 4. Five of the injured men could not play anyway, Jack Hulme stated.

Those who are making the trip are: Ray Sweeney, David Mintz, James Bailey, Bill Staples, Henry Hunneke, Richard LoBuono, Merrill Straw, Robert Scarbrough, Irving Franklin, George Hollander, Mauno Siljander, Anthony Krulatz, Harold Burry, Richard Reniers, and David Kennedy.

With this light array, both backs and linemen smaller than in previous years, the Titans still hope to make a good showing. It is possible that Arrowsmith, Laraway, Bloker, Leyschock, and Young, all regulars will make the trip, but all five men will be saved for the Grover contest next week.

Westminster leaves here at 4 o'clock this afternoon, and will stop at Zelenople on the way to Pittsburgh.

Thousands Will Watch Football Games Saturday

Football Is Coming Back This Year With Big Crowds, With Interest

By COPELAND C. BURG International News Service Sports Writer

NEW YORK, Oct. 27.—Years back members of our fine, old family turned up their noses and left the pants pressing business flat on its back. A lot of worsted has gone under the irons since then, but for the world we would never turn mercenary and commercial and right down through the ages we stand for art for art's sake, even when it comes to football.

However, the secretary-treasurer of the secretary-treasurers association of all the colleges of America has just told us that fifteen leading games last Saturday afternoon drew 563,000 paid customers and tomorrow twenty games will attract some 635,000 or more.

And we notice all the good teams are making bags of money, that the stars of the clefted hoofs belong to the outfits with the big gates and that the real triple threat gent comes from a stadium where there are no dusty seats.

After this when we size up an eleven we'll first meditate on the number of suits sported by the coach and we will be vitally interested in the team's cash on hand.

Fordham-Alabama.

Take Fordham—which is just what we have been waiting for some team to do. The Rams and Alabama will play before 55,000 here tomorrow and Fordham will probably draw \$500,000 this year.

Or take Southern California (which no one seems able to do) out on the coast where they have real crowds. The Trojans and California will fight it out tomorrow before probably 90,000. And consider Princeton, since Fritz Crisler brought out the blue chips. The Tigers only have Washington & Lee as the enemy but will attract 25,000.

Chicago and Michigan will work before 40,000 and Pittsburgh and Notre Dame before 35,000 here tomorrow. Other big games of the 214 college struggles listed for tomorrow include Yale-Army with 40,000, Harvard-Dartmouth with 25,000, Washington-Stanford with 35,000, Ohio State-Western with 35,000, Holy Cross-Brown with 35,000 Penn-State with 40,000, Minnesota-Iowa with 25,000, Wisconsin-Purdue with 25,000, Detroit-Marquette with 25,000, Columbia-Penn State with 20,000 and Louisiana State-Vanderbilt with 20,000 or more.

Ring Of Beauty.

On the red ink side of the picture are a few teams which formerly got both cash and glory but now, since they hit the sawdust trail, are getting little of either.

All of which seems to add up to be strictly kosher if you so desire, but remember all your friends will have other dates on Saturday afternoon. Of course, just because a team is a crowd attracter does not mean it is professional or anything like that. No, No, No. It just means it makes football a spectacle, a thing of beauty, color and drama.

HERE AND THERE IN SPORTS' LAND

Branch Rickey, vice president of the St. Louis Cardinals, has predicted that 50 years from now soccer football will supplant football as it played in our colleges. He made the statement before a group of coaches attending a district convention of the Nebraska State Teachers' Association at Scotts Bluff, Ia.

Coach Amos of Grove City is apprehensive. He told the Crimson gridders yesterday that unless they play a good game tomorrow Slippery Rock Teachers will add the Crimson to their list of Tri-State Conference victims at Grove City.

Jimmy Dunn, manager of Al Gatchell, the heavyweight who has been fighting in good form, is in Sandusky today with Gatchell, where the latter battles Jimmy Carter. Gatchell scored a hit when he knocked out Nick Nickles there last week.

Tony Falco, 141½, Philadelphia, won an eight-round decision over Young Firpo, 144, of Penns Grove, N. J., at Philadelphia last night, and Billy Cross, 137, of Philadelphia, outfought Ed. Paris, 140, of Wilmington, Del., in the six-round semi-final.

All the boxers who are to appear in bouts and also those who will appear in the boxing tournament November 6 and 7 here, should be at the Bowl at 6:30 p. m. Monday night, according to instructions from Harvey Boyle, state commissioner of boxing.

GROVE CITY, Oct. 26—Warned by Coach Amos that Grove City College will be added to Slippery Rock's string of Tri-State Conference victims here Saturday unless the Grovers excel their efforts in the early games, the squad is working with a new zeal this week. Facing what promises to be the hardest game of the season, the Crimson athletes are in the proper frame of mind for a great effort.

Recognizing the strength of the Rocket line, which Thiel, Waynesburg and Westminster failed to dent, Coach Amos has given his particular attention this week to the forwards. In Erskine, former local high school player, the Crimson coach has found a good guard prospect, while Ashwood and Lockwood are showing improvement at the tackles. McGill, a freshman, is coming along rapidly and may see service at end.

Keen Rivalry
Experiments with the ball-carrying department this week indicate that Amos may use shock troops in backfield. Wilson, fullback and Wycis, quarterback are being groomed for the Slippery Rock game and may start Saturday in place of the midges backs, Orriss and Gross. Wycis is probably the most improved player on the squad and his work at Bethany Saturday indicates that the Grovers will be able to use him as a line-plunger when needed.

The Grove City-Slippery Rock rivalry, at its peak 30 years ago, is heightened by the fact that neither club has been beaten this fall. Slippery Rock holds five consecutive victories, while the Grovers have not been scored on in three games. The clubs battled to a scoreless tie last year, and each school is having a better season this year than last. The teams will enter Saturday's fray on an even basis, with the Rocket line expected to provide the margin.

FOOTBALL PLAYER

KNOWN HERE, DOWN WITH APPENDICITIS

SHARON, Pa., Oct. 27.—Bud Covert, stellar quarterback on Sharpsville high's undefeated football team and the lad who directed Coach Robert Johnston's eleven to successive victories over Bessemer, Brookfield, Farrell and Millwood City, will not be with his mates when they battle Sharon high Saturday in the biggest game of the year. He was stricken with an attack of appendicitis early Thursday morning and was rushed to Buhl hospital where an emergency operation was performed. His condition early Thursday afternoon was reported "fairly good".

Westminster Grid Schedule For 1934

Oct. 27—Pitt at New Castle.
Nov. 3—Grove City at Grove City.
Nov. 10—Pending.
Nov. 17—Muskingham at New Concord, O.
Nov. 24—Geneva at home.
The Pitt game, carded for New Castle, will be played at Taggart Field and is a Westminster home game. Pitt plays Minnesota the following Saturday and Notre Dame the following Saturday.
The date of November 10 will probably be filled within the next two weeks, three teams being considered for the date.
Waynesburg has not been met during the 1933 season, but returns next year to the schedule.
Case, to be met at New Wilmington on November 18 this year, will be played at Cleveland in 1935.
The 1934 schedule as approved has four Tri-State Conference contests listed: Thiel, Waynesburg, Grove City, and Geneva. Bethany is the conference team not on the card.

Men who made the trip are: Perry Klump, Wilbur Needham, Clarence Manor, Harvey Snyder, Harrison Kennedy, Spencer Davis, John Gerstner and Student Manager Paul Barger.

Chaney High To Bring Band Here

Chaney high school uniformed band will make the trip to New Castle tonight with the Chaney high football team. The George Washington and Ben Franklin junior high bands will play for the New Castle team. The senior high band will be at the Cathedral tonight for the teachers' convention.
The two junior high bands readily agreed to help out tonight. The fans

are asked to show their appreciation of the junior high bands for their services. With three bands there should be a lot of lively music for the grid game.

Many Will See College Game

With seven New Castle boys opposing each other in the Grove City-Slippery Rock game Saturday after-

Good Support
In Stock MarketWorld Gold Price Is Topped
For Third Successive
DayBy LESLIE GOULD
International News Service

NEW YORK, Oct. 27.—The stock market today went through a further correction of the sharp rise from Monday through Wednesday as further profit-taking came into the list in the early dealings.

Declines were generally small, however, and good support was apparent on the dip. This inspired speculative confidence in the price level and the market firmed up before the end of the first hour under the leadership of the liquor shares.

The R. F. C. topped the world gold price for the third successive day, offering \$31.76 an ounce for the yellow metal. This was up 22 cents an ounce from yesterday and compared with today's London price of \$31.02 an ounce.

A cheerful development was the optimistic tone of the week-end trade review, which told of business gains this week due to the gold snap.

Stocks opened lower on a carry-over of yesterday's selling. Declines ran to about a point in the leaders when a recovery got underway. Trading was dull.

Gold stocks were sluggish despite the rise in gold. Other mining shares were dull in sympathy. Motors and steels were easier, as were the rails.

Buying in the liquor shares followed the National Distillers report yesterday, which showed earnings of more than \$2 a share in the last quarter.

Bethlehem Steel's earnings recovery in the last quarter supported the steel share. Rails paid little attention to the good September showing of most roads.

Commodities were easy with stocks, but losses in grains and cotton were small and rallying tendencies were displayed here as well as the day wore on.

Improved Offense Against
Berkman Men HereMONACA IS CAUSE
OF MUCH CONCERN

ELLWOOD CITY, Oct. 27.—A resolved Monaca High School grid team will invade this city tomorrow afternoon at 2:30 for their annual battle with Ellwood City High at Lincoln Field.

The playing of Monaca has caused considerable worry here. There is no definite basis of comparison. One week it was smothered by Ambridge 47-0 and the following week it gave Beaver Falls High a real game when they were just nosed out by a 7-6 count. Monaca got an additional touchdown in this game but for some technicality the referee would not permit. The Berkman men took another trimming at the hands of Aliquippa by a 44-0 count but the next week they played a superb game of football against Beaver High. Although they lost 20-0 Monaca rolled up 17 first downs to 6 for Beaver.

From this fans would take it that the ability of a Monaca High team this year depends upon the frame of mind of the players. If they take the proper attitude, which they have every reason to do so, the Ellwoodians will be in for an interesting afternoon.

Coaches "Ganz" Benedict and Mike Ferraro realized this and have taken precautions in any let down in training and preparation for the game. The regular program has been carried out with several scrimmages this week. Steps have been taken to keep up the spirit of the varsity squad for this game. According to the attitude taken by the team this week, it seems that they will be out to redeem themselves for last week.

Coach Benedict seems to have found a new working combination during the scrimmage this week. He has used Jeannette and Bettison at the ends, Locasiano and Novolesio at the tackles, Steckman and Shirey at the guards, Fishoneri center, Frantz at quarter, Beane and Lamenzo at the halves and Scopellite at full.

He has drafted Ottaviano and Mazzano from the Reserves into the varsity backfield service. Both have shown up well and are expected to see action on Saturday. This transfer was necessary since Captain Luxenberg has quit the squad and Scopellite may not play because of a knee injury incurred in a scrimmage. A big crowd is expected to see those new faces in action tomorrow.

The members decided to hold their monthly church services in a body at the U. P. church the first Sunday in November.

The officers for the coming year were announced with August Vesco, Primus; Art Howells, Pro. Primus; John Yanko, secretary, and George Dods, treasurer.

The meeting was adjourned until next Wednesday at 8 o'clock.

Y. P. C. U. Holds
Masquerade Event

ELLWOOD CITY, Oct. 27.—Amidst a decorative setting of pumpkins, leaves, witches, corn stalks placed about the rooms, and dim lights giving a spooky effect, 35 members of the Y. P. C. U. of the Camp Run U. P. church assembled last evening at the home of Mr. and Mrs. W. J. Steffler at Knox for a masquerade party.

There was a varied lot of characters and personages in the motley group and the "mummers" parade about the home was most spectacular. After the "guessing who" was over the group were conducted through the "hall of horrors", which was just as weird and eerie as its name. Fortune telling and games associated with the season were then in order and much fun ensued.

When the group had played all the games, tempting Halloween refreshments were served by Miss Lillian Nevin, Miss Ade Wagner and the hosts. Later the merry-makers departed for home, giving Mr. and Mrs. Steffler a rousing cheer for the success of the jolly affair.
